

WHY IS TERRENCE J NOT SHAVING?

Separate from the bright lights and gloss of his primetime TV gig and skyrocketing movie career, Terrence J believes in using his popularity to truly make a difference. It's for this reason that he's partnering with Magic Shave and will not be shaving for over a month after this photoshoot. Please join Terrence as he "Shaves with a Purpose" and connect with him via Twitter and TheSource.com/MagicShave to raise money for a special charity.

Magic Shave has been the leader in African American men's shaving for over a century and is proud to be a partner in this initiative.
